The Marketing Consultant position became available due the resignation of a previous Marketing Consultant on April 9, 2010. A full recruitment campaign was not conducted for this Marketing Consultant position due to the fact a previous employee, employed as a Marketing Consultant, had inquired about returning to White River Broadcasting as a Marketing Consultant. Station management felt a recruitment campaign would not generate a more qualified Marketing Consultant candidate. The selected individual's first date of employment was May 6, 2010.

The receptionist/traffic coordinator position became available due the promotion of our previous receptionist/traffic coordinator to Marketing Consultant on August 16, 2010. A full recruitment campaign was not conducted for the receptionist/traffic coordinator position due to the fact our office manager and general manager both had a professional relationship with an individual who possessed all the skills and experience needed for the receptionist/traffic coordinator position. Station management felt a recruitment campaign would not generate a more qualified receptionist/traffic coordinator candidate. The selected individual's first date of employment was August 2, 2010.
